

CAR RENTAL & SELF-DRIVE

Every deposit, receipt and refund — tracked,
automated and tamper-proof.

Transform Your Business with Intelligent Automation

● THE PROBLEM

Deposits, refunds and the books are all done by hand.

1

Deposits & refunds handled manually

Booking deposits, return checks and refund payouts written by hand on paper and Excel — manual entry gets 1.6–4% of records wrong.

2

Training a new joinee takes weeks

Someone must sit and teach every step — receipts, returns, tallying — while structured digital onboarding is proven to make new hires up to 50% more productive.

3

Mistakes — and money that goes missing

Manual cash handling means mismatched books and quiet skimming — a typical business loses ~5% of revenue to fraud every year.
