

CLINICS & HEALTHCARE

Appointments, records, billing and pharmacy — in
one secure platform.

Transform Your Business with Intelligent Automation

● THE PROBLEM

Cash fees, patient dues and pharmacy stock — all by hand.

1

Consultation cash with no clean trail

Front-desk fees are taken manually — receipts get skipped — businesses typically lose ~5% of revenue to fraud (ACFE 2024).

2

Patient dues quietly slip away

Pending payments and recalls sit on paper, so revenue and repeat visits are silently lost — manual records get 1.6–4% of entries wrong.

3

Pharmacy stock expires and disappears

With no live tracking, medicines expire on the shelf or leave the counter with no record.
