

● MULTI-LOCATION RETAIL CHAINS

One live view of stock, sales and books — across
every store.

Transform Your Business with Intelligent Automation

● THE PROBLEM

Shrinkage, mismatched tills, numbers you can't trust.

1

Stock shrinkage you can't explain

Without live inventory, theft, miscounts and unrecorded returns just surface as 'missing stock'.

2

Tills never reconcile cleanly

Each counter is balanced by hand at close — errors and skimming hide in the gaps — businesses lose ~5% of revenue to fraud a year (ACFE 2024).

3

Every store runs differently

No standard process means long cashier training — though digital guided workflows make staff up to 50% more productive.
